

## Changes in the Parks

(Baseball/Softball Fields)

Batter up! Jackson Township's Park and Recreation Division is pleased to announce the opening of baseball and softball fields in North Park and Fisher Park on May 26, 2020. Baseball and softball fields in South Park and Sauder Elementary will not open until June 1, 2020 so as not to interfere with graduation activities at Jackson High School. The Park and Recreation Division is releasing today its guidelines based on the Restart Ohio guidance on baseball and softball issued by the Ohio Department of Health and with review by the Stark County Health Department. Additionally, a quick guide chart of the fields organized by number and opening date is also being released today. Jackson Township's Park and Recreation Division respectfully reminds park visitors that all baseball and softball fields remain closed until May 26, 2020. Your cooperation and patience is greatly appreciated

**Field availability must be obtained through a sponsoring organization (i.e. Diamond Club, Jackson Fast Pitch Association...etc.)**
